If your lab has determined that it cannot provide service for the laboratory testing requested by your non-DoD Healthcare Provider.

You may obtain service by utilizing a lab
*within the **Humana Network**.*

Below are instructions on how to locate the most convenient collection site.

The screenshot shows the Humana Military TRICARE provider search interface. At the top, there are logos for Humana Military and TRICARE. Below the logos is a search bar with the text "Find care". Underneath the search bar are two tabs: "All Network Providers" and "Autism Care". Below the tabs are three search filters: "By name", "+ By specialty or condition", and "By location". Below the filters are two input fields: "Enter a specialty or condition" and "Enter address, city, ZIP code or county". Below the input fields is a search button with a magnifying glass icon and the text "Search by military hospital or clinic". Below the search button is an "ADVANCED SEARCH" link.
